Re: 103E.805 REMOVAL OF PROPERTY FROM A DRAINAGE SYSTEM

Dear Mr. Bakke:

As the owners of the properties listed below we hereby Petition to have the properties removed from the Benefited Area of Judicial Ditch #25-I, which the District has the jurisdiction authority.

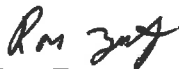

Section 1 Comstock Strip S1/2; Section 12 Comstock Strip NE ¼; Section 8 Comstock Strip NE ¼; Section 9 SE ¼. All listed property is located in Township 154N Range 46W. In addition, Section 18 Numedal NW1/4 located in Township 154N Range 45W.

The outlet for the runoff water from these properties is the Agassiz Valley Impoundment site. This outlet was created by the construction of a diversion ditch by the MSTRWD to the Agassiz Valley Impoundment. Therefore it is clear that the property should not be assessed drainage benefit for Judicial Ditch #25-I being that the outlet is the Agassiz Valley Impoundment. The removal of the property from the drainage system will not prejudice the property owners and property remaining in the system.

Sincerely,

Loren and Deborah Zutz
